

Direct Vent Luxury Fireplace Systems

MAJESTIC 

Cameo & Onyx Direct Vent

Nothing invites or delights like the dancing flames of a fire and, in homes today, we've been inspired to include this warmth in our bedrooms and bathrooms as well as our family rooms and studies. Create the beauty of a hearth in your home and you'll enjoy the inspiring warmth of the fire inside.

With up to an incredible 902 square inches of viewing area and up to 34,000 BTU's, the Cameo 500 and 600 and Onyx 500 direct vent fireplaces from Majestic will become the center of your home. Available in a variety of sizes to suit any design requirements, the Cameo 500 and 600 can be customized to suit your personal taste.

Choose from multiple trim options, louver finishes, firebrick choices and even multiple decorative front frames or fire screen doors to create your custom look inspired by your home's décor. Bring the ambient warmth of the fire inside: warm up to a Cameo or Onyx direct vent fireplace from Majestic.

The Cameo direct vent fireplace (DVM)

Give people a place to gather - make fire the focal point of your room again with these luxury fireplace systems from Majestic.

The Onyx direct vent fireplace (MLDV)

SIGNATURE COMMAND

FIRE, AND MORE, AT YOUR FINGERTIPS!

No other system offers so many available features as the Signature Command™ System, now standard on all direct vent fireplace models. From the optional Touch Screen remote control you can light the pilot and control three step flame adjustment, or just let the Smart Mode Thermostat take command and automatically modulate your fireplace to its most comfortable and efficient operation. Enjoy the A/C electronic functionality with automatic battery backup system all without getting up from your couch. Add on the optional A/C accessory module and even more features are at your fingertips. Adjust the blower speed, and add up to two additional appliances to the 120 volt auxiliary ports. This allows you to control ceiling fans, waterfalls, room lights, or any appliances you choose, from the same remote control.

The Onyx direct vent fireplace (MLDV)

STANDARD FEATURES FOR BOTH DVM Cameo/MLDV Onyx:
